'ELEMENTS' EPHEMERAL ART TRAIL

10TH, 11TH & 12TH NOVEMBER

Balingup.

'Changing Music': Music is inherently ephemeral - it can be repeated or recorded, but once played it disappears. Come down to the Balingup Night Market on Friday 10th November @ 5.30pm to listen to ephemeral music in action.

'Leaf Stitching': An exploration of stitching onto natural found leaves. As the leaves breakdown it takes with it the art highlighting the fragility of nature. Taste of Balingup, outside at the front. Contact Lela Scarrott for more information.

'Earth, Wind, Fire, and Water Weaving': Come along to the verandah of the Balingup Visitor Centre and participate in a collaborative art project. Contact Lela Scarrott for more information 9764 1818.

Donnybrook.

'Her Name is Effie' - Elements of Woman, Craft and Magic!: A wire frame woman displays and contains diverse aspects of the elements of the human body, (plus a magic wand!) created from many of the art-crafts practised by the members of Donnybrook Arts & Crafts Hall. A fun piece of cooperative art-craft intended to bring a smile, a laugh and an acknowledgment that women and art-craft have been together for millennia. Located on the tree stump at the front of the Donnybrook Arts & Craft Centre, corner Marmion St & Ramsay Tce. Please contact Judith Morrissey on 0407 086 212 for more information.

Boyup Brook

'Out in the Elements': Enjoy ephemeral and interactive artworks on display in the visitor Centre garden and adjoining Abel Park. Wander inside the centre to view the installation "Blooming Brookosa Elementii" – vibrant rafter dwelling suncatchers....plus lots of lovely art, crafts and merchandise. Contact Lee Hendry for more information 97651444.

'Fence sitters': There is a family of fence sitters on Abel Street. They arrived a bit late for the party, they had planned to be in Boyup last year, but we think they went a bit potty! There is nothing to really worry about, they are good country folk so why not come and find them and drop in for a chat.

Nannup

'Artful Elements': Serenity mosaics have created their interpretation of the theme 'Elements' included in the mix is four Impish Masks surrounded by mosaics, a sea view, abstract mosaics and faces. At the front of the Blackwood Café, contact Janet Gray on 9756 0050 for more information.

'Cycling Elements': Nannup has gone cycling crazy this weekend, come and check out the pop up artworks all around town as we welcome the International Tour of Margaret River cycle race to the region.

Northcliffe

'Field of Pinwheels': Make your own pinwheel to add to the artwork, open 9-4 Saturday and Sunday at the Northcliffe Visitor Centre.
